

PRODUCT APPLICATION

Widely used in

Process Control

Aerospace

Automotive

Medical Equipment

HVAC Systems

And other industrial applications

Pressure
Transmitter

Wide range of applications

Widely used in water plants, refineries, sewage treatment plants, building materials, light industry, machinery and other industrial fields to measure liquid, gas and steam pressure

Sewage treatment plant

Refinery

River construction

Heavy industry

APPLICATION

- Industrial process control
- Biomedical
- Eco Saving
- Energy and water treatment
- Petroleum, Chemical industry
- Metallurgy
- Hydrology, Agriculture, Food Industry
